Move forward in local time, meeting your future wise self, perceiving future events, receiving clarity about your purpose, and gaining a new life overview. Experience the love-filled energy that underlies all life to receive clarity about your life's purpose. Create a new life overview that allows you to navigate this life with less resistance and fulfill your desired potential!

See your spirit's journey—past, present and future. What makes you, you? Each of us is born with unique opportunities for personal growth and self-actualization. Yet, in the unfolding of our lives, we sometimes experience doubts. Revisit earlier years of your

current life, uncovering and releasing old beliefs or recurring emotions that have limited or obstructed your progress.

Experience a deep exploration of other lives to gain perspective, clarity and understanding to release past conflicts. Explore what many call "past lives"—along with other aspects of your consciousness—toward a new understanding of the origins of your current life situation.
